

## Smoke/Vape-free School Policy

### **Objective**

- Emphasize the benefits of a healthy life and equip pupils with the knowledge and skills to make informed decisions for a healthy life now and in the future.
- Promote the health and safety of pupils and safeguard their welfare.
- Provide clear guidelines to enable staff to respond sensitively and confidently to pupils who are associated with possession or use of substances in or outside the school grounds.

### **Policy:**

This educational institution, all its buildings, and the surrounding land is a smoke/vape-free area.

This policy applies to all staff, children and visitors to this school as set out below:

- Teaching staff - permanent, temporary, part time.
- Kitchen staff
- Cleaners
- Clerk and child supervisors
- Students - trainees and / or on work experience
- Contractors in the school grounds
- Visitors including parents
- Members of committees e.g. Governors, PTA etc
- All pupils attending the school

### **Support Throughout the Curriculum**

As a school we are committed to supporting the policy through a range of lessons.

This policy has been adopted to:

1. promote health and good practice among adults.
2. create a healthy and smoke-free environment and environment for colleagues and pupils at the school.
3. set a good example for the pupils.
